In the sought-after hamlet of S'Uestra is this beautiful renovated barn, keeping its traditional features. The location is privileged, just a few minutes walk from the traditional town of San Luis and the beaches of the south coast are just a short distance away. The house stands out for its luminosity and the different ambiances that have been created outside, surrounded by a mature garden with a swimming pool. The main house is distributed with two different lounge areas with direct access to the garden, a large dining room, large kitchen and 3 double bedrooms and a full bathroom. In the annex is the fourth bedroom with en-suite bathroom. It is an ideal property to be enjoyed throughout the year, with central heating and wood-burning stoves in the dining and lounge area. The property has a small plot in front of the house, currently in use as a comfortable private parking area.
