Great opportunity for a construction project in Cala Corb (Es Castell), it is a 309 m² house built to be renovated, in a buildable area of 2,120 m², located in front of the sea, on the picturesque Cala Corb, in Es Castell. Previously, the construction of 15 floors with a garage and sea views has been contemplated, but it is a perfect property to adapt it to your needs, making the most of its strengths, which are: its plot and its location with sea views.
